

# HPL Electric surges on winning new order

HPL Electric & Power rose over 6%, touching to Rs106.8, after the company secured orders of over Rs100 crore, including Rs70 crore for Bhopal Smart City Lighting project and Rs33 crore for energy meters from Southern Power Distribution.

Speaking on the occasion of receiving the formal order, Gautam Seth, Joint Managing Director, of HPL Electric & Power said that the company has fully dedicated teams working on the advancement of street lighting system that help in energy efficiency. For Bhopal Smart City lighting order, HPL Electric & Power has earlier entered as part of a consortium with Bharti Infratel and Ericsson, the company said.
