Inauguration was done by: **Sh. Shivraj Chouhan**,
Hona'able Chief Minister of Madhya Pradesh

2018/5/8 10:4

“With a Population of over 1.9 Million and the expanded planning area of 463 square kilometres, Bhopal stands among 15 largest cities of India and was also shortlisted in the top 20 cities of the smart city challenge.”

Project teams are positive to bag further more orders from government and seek to transform more cities into sustainable centre of economic activity. As the government has plans to spend over ₹ 30 million crores to recast almost 100 cities of India smart & sustainable.
